

## Assembly at the WBS Göttingen on the 2<sup>nd</sup> of October, 2012 Introducing the Comenius Partnership

The children are singing „Paule Puhmanns Paddelboot“ and our partner countries are getting into the boat. We are picking them up by boat.

Some children are showing the flags of the countries and some are stepping into the boat with symbols of the countries (bred, oranges, spaghetti, tea, music, sauna..)

Finland is joining the “boat-party”.

The children at the assembly are watching the presentation.

Our guessing game: After having listened to the song the children had to name our partner countries.

Paule Puhmann`s journey to our partners.
