

CLIL4YOU
in „Świat Bajek” Poland

Dissemination

Parents, families and friends

- Since the beginning of our participation in the project we have been sharing our and pupils' achievements.
- We systematically make the wall exhibitions and displays for all our close society (parents, teachers, students, visitors etc)

Environment, weather and animals

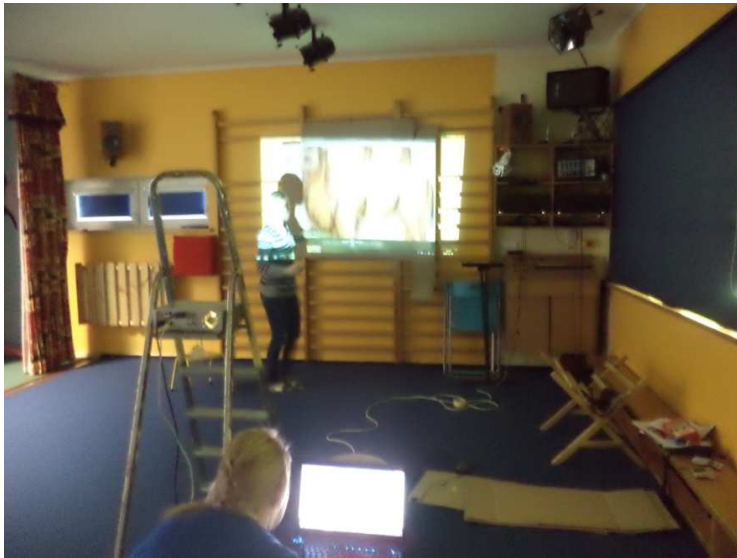

28.11.13 we met with local forester.

We gave the forester certificate of cooperating with the project „CLIL4You” and children drawings for the wall display. In close future he will write about our project on the forester website.

11, 12, 13 December we met with parents

- We showed them Polish traditional Christmas show with the results of our project work- animals and Christmas.

7 and 8 January we met with the head teachers from Masovia district

- Our school was invited to perform about Christmas in the Palace of Bishops in Warsaw during annual Christmas meeting with headteachers of schools and with officials from the Ministry of Education.

A fancy dress ball

- The 22nd of February we organized a fancy dress ball for our students' grandparents. Students wore animals costumes and showed some animals dance and shows as the result of project task „ Animals Clil4you”

Bears, tigers, lions, eagles and grannies

Bees, ladybirds, cats, storks and grannies

Family Picnic

- 25th of May we organized Family Picnic in the garden. It was very rainy day so the children noticed that water in the garden means the great fun. We shared the results of the project with children families, graduates families, nextdoor organizations like schools, children clubs etc. Native speaking magician Bob Flaming made really magic water show for our guests and he discussed with the children audience (in English) about water natural properties.

Water in the garden

Water in the Botanic Garden Polish Academy of Science

Water in the garden

- In the botanic garden we made microscope prepares with water from the pond and from the puddle. We shared with the hosts the idea of our CLIL4YOU project and we gave them the certificate of cooperation.

Dissemination of the results

- We meet with the teachers from different schools who are interested in applying for Comenius grants.
- We regularly send mails to the parents and the leading body with the most interesting results of our work like videos, games, cartoon etc.
