

Finland - Animals and our Christmas activities

Christmas story and other many other seasonal activities in December were focused on animals this year. We made a Nativity display including animals that, possibly, were in the stable Jesus was born.

The story chosen for our Christmas play presented to all the parents was “Little Robin Red Vest”. The helpful little robin encounters animals in the Finnish forest. The animals are not hibernating or, have just woken from sleep, and just cannot manage the very cold weather the week before Christmas. Santa rewards the little robin and gives it a red vest – symbol of the Christmas spirit of kindness and love.
