

FINAL Assessment in Germany

Lotto Game

Aim: Check what students remember from the past two years.

1. Print the game.
2. Cut the cards with the pictures.

Rules:

1. Form groups of four.
2. Every student gets a laminated board in different colours.
3. Place the picture cards in the middle of the table.
4. Each student, one after the other, rolls the dice. If they have a three or a six they read a question and look for the right answer.
5. The winner is the first to cover the lotto board.

The game can be adapted. The children can invent new rules.
