

CLIL WAVES – “Rivers in Europe”

Year 6 (Primary) – age 11

Follow up Activity – “European Rivers Scavenger Hunt.”

After working with the rivers ID and the rivers grid, I prepared a scavenger hunt using the most relevant or curious information about every river.

1. Which river is referred as “a long blue ribbon”?
2. Where can you go rafting?
3. Which river was near the ancient city of Ephesus?
4. Chamonix, Sallanches and Cluses cities are crossed by....
5. What’s the name of the 7 km canyon between the villages of Ardales and Antequera?
6. In which river can you find these fish: carp, catfish, pike and crucian?
7. Next to which rivers can you use the bike ways or bike roads?
8. On which river can you find almost 30 lakes?
9. Which river flows between Mount Olympus and Mount Ossa?
10. Which river has its source above 2020 meters above the sea level?
11. In 1994 an extraordinary wave flood destroyed the villages by the river.....
12. You can find many castles along the banks of this river.
